

Registration Guide

The following is a step-by-step guide for registering a domain within the seven Amazon Japanese IDN extensions. Please note, Steps 1-6 are done within your Lexsynergy Control Panel. Steps 7-10 are done within an external Amazon Registry page.

- .家電 (.appliances)
- .食品 (.food)
- .クラウド (.cloud)
- .ストア (.store)
- .セール (.sale)
- .ファッション (.fashion)
- .書籍 (.book)

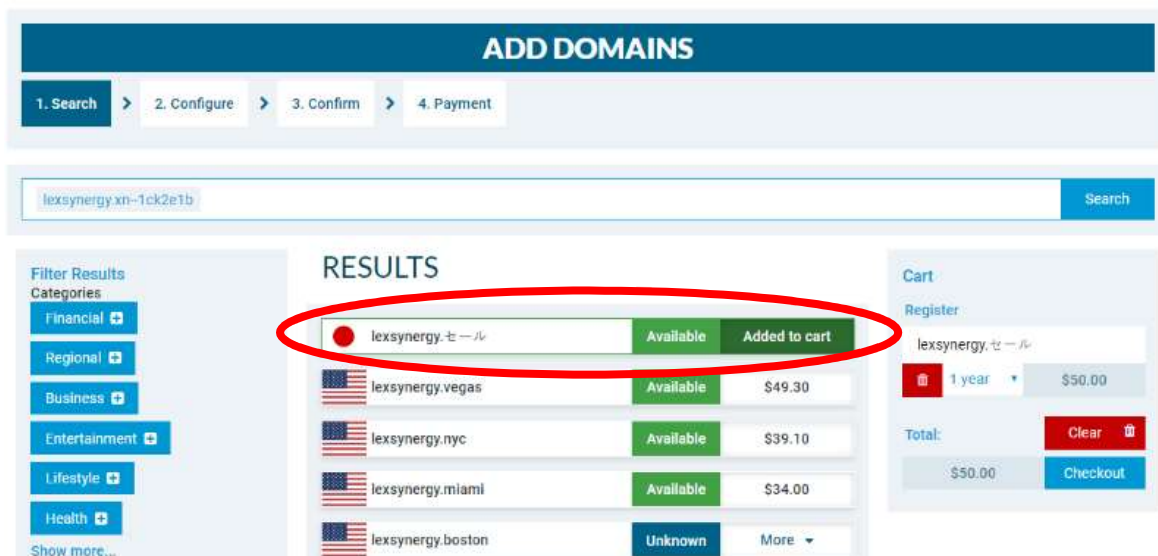

Step 1 - Hover over "Domain" in the top menu and click on "Search/Register"

Step 2 - Inset your domain name in the search bar

Step 3 - Find your domain name and click on the price to add to cart.

Step 4 - Click on the word "checkout" on the right side of the screen.

The screenshot shows the 'ADD DOMAINS' interface. At the top, there is a blue header with the text 'ADD DOMAINS'. Below it, a progress bar shows four steps: 1. Search, 2. Configure, 3. Confirm, and 4. Payment. A search bar contains the text 'lexsynergy.xn-1ck2e1b'. On the left, there is a 'Filter Results' section with categories like Financial, Regional, Business, Entertainment, Lifestyle, and Health. The main 'RESULTS' section displays a table of domain options:

Domain	Status	Price
lexsynergy.セール	Available	Added to cart
lexsynergy.vegas	Available	\$49.30
lexsynergy.nyc	Available	\$39.10
lexsynergy.miami	Available	\$34.00
lexsynergy.boston	Unknown	More

On the right, a 'Cart' section shows the domain 'lexsynergy.セール' with a '1 year' term and a price of '\$50.00'. Below this, the 'Total' is '\$50.00'. A red circle highlights the 'Checkout' button next to the total.

Step 5 - Under the "Handles" section; insert your domain name registration details "registrant, administrative and technical"

The screenshot shows the 'Configure Domains' interface. At the top, there is a blue header with the text 'ADD DOMAINS'. Below it, a progress bar shows four steps: 1. Search, 2. Configure, 3. Confirm, and 4. Payment. The main section is titled 'Configure Domains' and shows the domain 'lexsynergy.セール'. Under the 'Handles' section, there are three input fields: 'Registrant *', 'Administrative *', and 'Technical *'. Each field contains the text 'Default Handle' and has 'create' and 'find' buttons next to it. A red circle highlights these three input fields. Below the 'Handles' section, there is a 'Special Settings' section with an 'Allocation token *' field and a link to 'Please apply for your Amazon allocation token here.'. There is also a 'Folder' field and an 'Auto renew mode *' dropdown menu set to 'Auto Renew'. At the bottom, there is a 'Nameservers' section with a checkbox for 'Use Lexsynergy's?' and an '+ Add Nameserver' button. The interface has 'Back' and 'continue' buttons at the bottom.

Step 6 - Under the "Special Settings" section; there will be a box to insert your "Allocation token". In order to apply for the "allocation token" you will need to click on the blue hyperlink underneath the Allocation block that says "please apply for your Amazon allocation token here".

The screenshot shows the 'ADD DOMAINS' configuration page for the domain 'lexsynergy.セール'. The page is divided into several sections: 'Handles', 'Special Settings', 'Folder', 'Auto renew mode', and 'Nameservers'. The 'Special Settings' section contains an 'Allocation token' input field, which is circled in red. Below the input field is a blue hyperlink that reads 'Please apply for your Amazon allocation token [here](#)'. Other fields include 'Registrant', 'Administrative', and 'Technical' handles, each with 'create' and 'find' buttons. The 'Folder' field is empty, and 'Auto renew mode' is set to 'Auto Renew'. The 'Nameservers' section has a checkbox for 'Use Lexsynergy's?' and an 'Add Nameserver' button. Navigation buttons 'Back' and 'continue' are at the bottom.

Step 7 - You will be redirected to an Amazon registry page asking you to agree to the terms and conditions of the TLD. Click on the yellow button "I agree".
